

TRIUMPH ROADSTER CLUB

'MIDLANDS'

2011

BULLETIN No 4. September 6th.

Hail to the Midlands Members.

What has happened locally in the in the past few months. May 1st Catton Hall, more than 500 classic vehicles of which 3 Roadsters and 5 members, Peter Mayes won best in class with his superb 1948 2000 Roadster and a pat on the back from me, Peter your car is a credit to the club. Some of you may also have read Peters report on the Fougères Rally.

30th July Lullington Classic Car Meet 200 cars some of which I struggle to think of as Classics, but their owners love them and may be one day ?. There were two sunburnt Roadster owners with their cars, plus two other members that needed the gazebo to ward off the sun. Welcome to you all.

21st Aug. Lupin Farm. Shame we could not get all 4 Roadsters together but with 600 cars there we were struggling for space. The event is Free with donations to the Air Ambulance and Edwin Tipper the event organiser deserves a lot of credit for the work he carries out. In six years I have never had a wet day at Lupin Farm so Edwin has good contacts somewhere.

September 29th. Yes!! A Thursday. In response to a number of members that have days off in the week but busy weekends it has been suggested that our End of Season meet may be better done on a weekday, so nothing ventured, let's see. Thursday 29th September, Noon at the Waterfront Barton Under Needwood Staffordshire. DE13 8DZ. Food and facilities are ready available but if you want to book a meal ahead the telephone number is 01283 711500.

Other than those events laid out in the "NEWSLETTER" there is little more to pass on apart from the suggestion of a Christmas lunch but before submitting that, let's see what the response to our September event is?

Regards

David "Y"
